SPECIALIST SUPPORTED LIVING HOMES FOR ADULTS

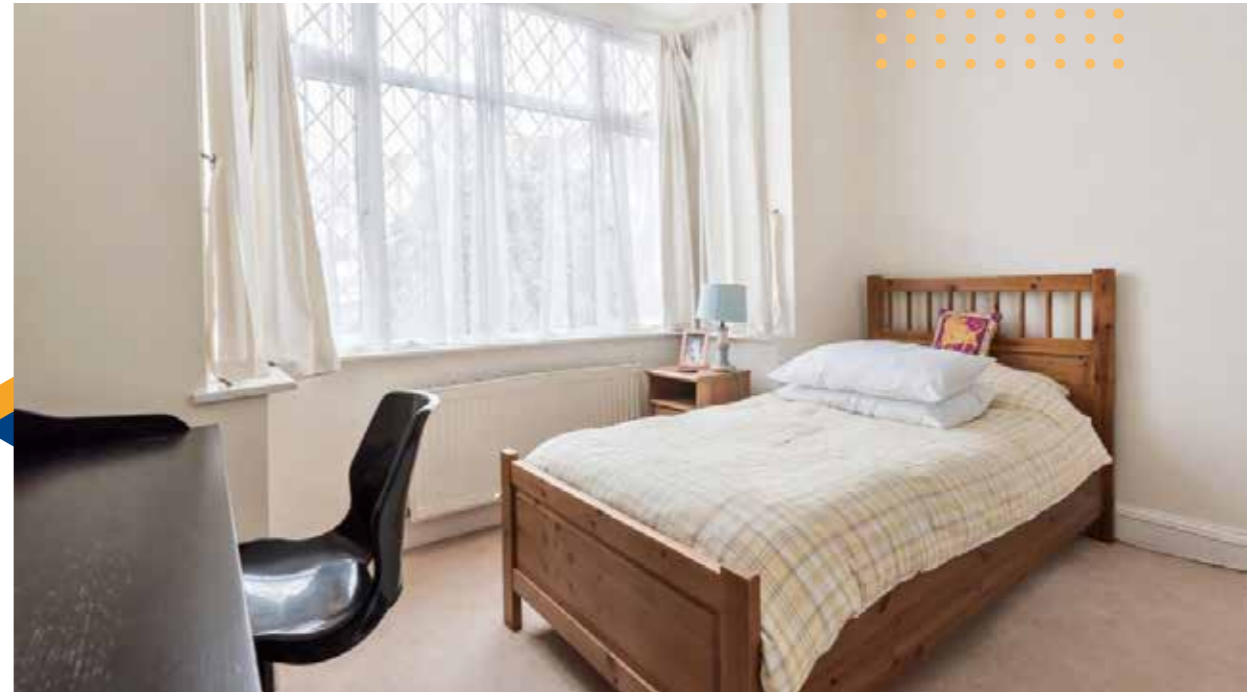

Welcome home

MERCHLAND RD IS LOCATED IN THE HEART OF GREENWICH on quiet residential street but within easy reach of amenities and transport. Our focus is on providing community based support to adults with a learning disability which includes those on the autism spectrum who may or may not exhibit challenging behaviour.

OUR HOMES HAVE ALL BEEN THOUGHTFULLY and, in some cases, specifically designed to meet the needs of those we support. All our homes are kept in good decorative order as we have our own 24-hour maintenance team on hand for any repairs.

SUPPORT WE OFFER:

OUR SUPPORT IS TAILORED TO MEET THE NEEDS OF EACH INDIVIDUAL WHICH WILL TAKE INTO ACCOUNT THE CHOICES AND PREFERENCES OF EACH INDIVIDUAL. AT EACH PROPERTY WE HAVE THE FOLLOWING

- 24 hour Live-in support – we have staff on site 24 hours day.
- Staffing Ratio – Our home can accommodate up to 4 service users with staff based on site 24/7 providing our service users with a background of 1:1 and 2:1 in the evenings and nights.
- Improving Outcomes – We are an outcome focussed provider and as such during the care planning stage we not only take into account the support needs but also identify a set of outcomes that maybe improved upon through 1:1 key working sessions.

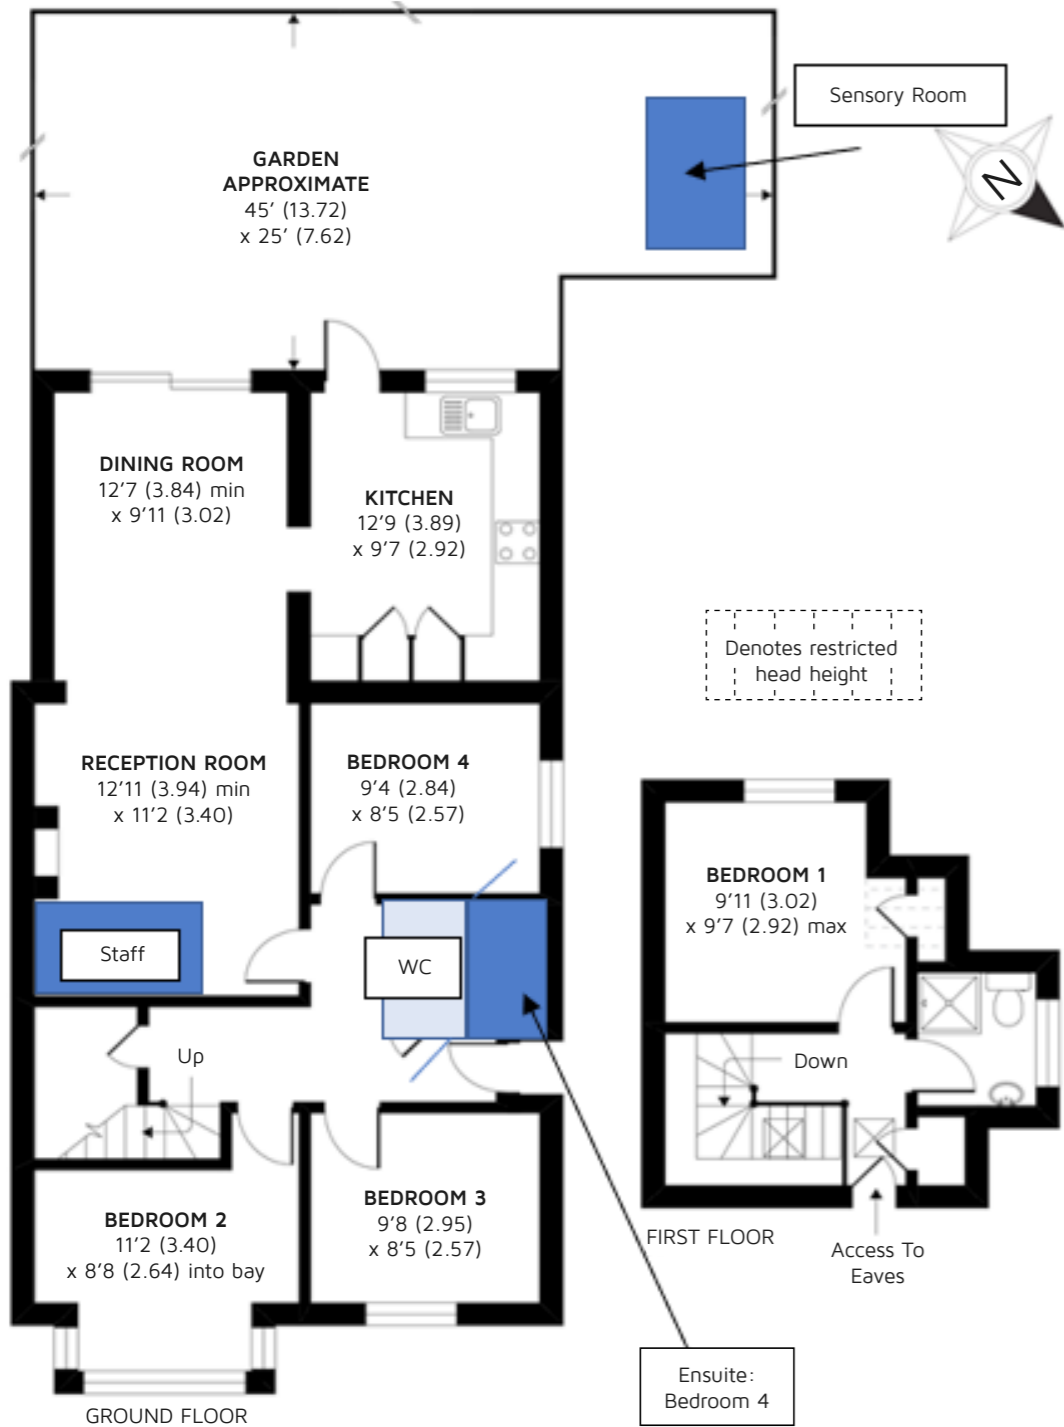

ALL OUR ROOMS ARE FURNISHED to accommodate our service users' belongings and preferences. All our homes have a no smoking policy.

WE PROACTIVELY SUPPORT OUR RESIDENTS IN THE DEVELOPMENT OF PERSONAL HOBBIES and also to engage in the community by finding activities that will encourage them to participate in community-based activities such as going to the parks, museums, libraries, specialist day centres. We also promote structured and unstructured activities within each home as each of our homes have their own sensory /activity room. Activities can include painting, craft, music etc.

IN ORDER TO ENSURE THE PROPERTY IS MORE ACCESSIBLE WE ARE PROPOSING SOME CHANGES TO THE PROPERTY WHICH INCLUDE CREATING AN ENSUITE WET ROOM DOWNSTAIRS AND COMMUNAL WC AND A SEPARATE STAFF ROOM WILL ALSO BE BUILT.
